INTRODUCTION

With the FIFA Club API, you can view, build, and play your ultimate FIFA Team.

With over 30 teams and hundreds of players, the possibilities are endless!

Built with Microsoft Visual Studios and Microsoft SQL Server, the best decent FIFA experience is just a click away!

```

    "playerNo": 12,
    "playerName": "J. Gomez",

FEATURES

A work of art...always in progress

SUMMARY

FiFa Club is continuously a work in progress. As more technologies are made readily available, more features are sure to be added! FiFa Club is not only a project, a work of art that handles like a tool to bring FiFa entertainment one button click away!
